

FIS Digital One Flex Mobile 6.0

Unlock convenient, fast and secure mobile banking

Your competitive digital advantage

Mobile banking has emerged as a fundamental channel for financial institutions to connect with their customers. The convenience, speed and security of mobile banking apps have redefined customer expectations, making them indispensable tools for everyday financial management. For financial institutions, particularly regional and community banks, investing in a robust mobile banking app is not just an operational upgrade but a strategic move to stay competitive.

FIS® Digital One Flex Mobile is a mobile banking application tailored for banks seeking to meet evolving customer expectations in the digital era. This mobile app offers unparalleled convenience, speed and security, redefining the banking experience. Digital One Flex Mobile provides the capabilities and thoughtfully designed user experience that customers need, with the flexibility of being able to access their accounts and do their banking transactions from wherever they are, all from their smartphone or tablet.

By investing in Digital One Flex Mobile, financial institutions can enhance customer satisfaction, streamline operations and bolster fraud prevention efforts, ultimately staying competitive and driving growth in today's dynamic digital landscape.

New updates to Flex Mobile 6.0

As part of our commitment to deliver continuous value and innovation across our entire digital banking portfolio, we've made major updates to our mobile banking app in four strategic areas.

User interface

Our mobile app has a new look and feel built on a new technology stack, with a simple design to improve the user experience.

Security and authentication

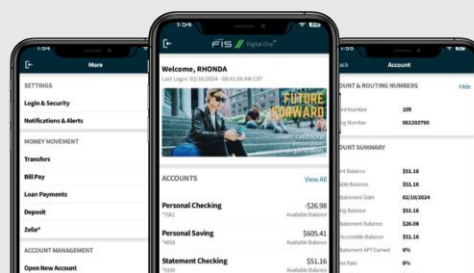

Login and authentication functionality has been enhanced to provide better security, including biometrics and password/user ID reset.

Money movement

We've enhanced money movement capabilities including internal and external transfers, bill pay, remote deposit capture, Zelle® and loan payments.

Accounts and transactions

An improved accounts and transactions experience, including running balances, transaction details, display of account and routing number, and more!
